I'll come back as a consultant to defend for a small fee! Seriously though, that would certainly be challenged by the enviros. Although hard to challenge us changing our own policy since it was never codified. We've gone through this a few times since 1995. But if it's going to happen, likely going to be now under this Administration. Good luck. Rick's probably glad he left!

## GOVERNMENT AFFAIRS NEWS

### Senate EPW Chairs Urge EPA to Rescind "Once-in- Always-in" Policy

The 'Once-in-Always-in' policy has been applied by EPA as a 'rule,' with binding effects on the regulated community, including very burdensome compliance costs. ACA has urged its withdrawal, which the senators cited in their appeal to EPA Administrator Scott Pruitt. [READ MORE](#)

### ACA Urges Congress to Pass Infrastructure Investment Package
